

Hybrid Model Related Arts Information

Douglas Elementary 2020-2021

Because Douglas is using a hybrid model for learning this year, students will participate in related arts through a combination of in person, Zoom, and asynchronous (independent) activities. We will utilize a week 1 and week 2 rotation that will allow each student to receive live and asynchronous learning for art, music, PE, and library. Below is the schedule for Cohort A, Cohort B, and the Douglas Learning Academy.

Information about which week it is will be posted on the Douglas Elementary Website and on the related arts Google Classroom pages.

For any questions about related arts classes, please reach out to the specials teacher directly.
